Teacher Training Programme
(MMTTP),
Ministry of Education, GoI**

Dates

18 - 22 March 2024

Programme Coordinator

Prof. Kannan Moudgalya
Indian Institute of Technology Bombay
Mumbai – 400076

IIT Bombay invites nominations for the first batch of faculty leadership development programme, 'Nurturing Future Leadership Program', under the aegis of the Malaviya Mission Teacher Training Programme (MMTTP), Ministry of Education, Govt. of India.

This programme is a prestigious selection-based leadership development programme that is open for all levels of faculty of centrally funded higher educational institutions.

The proposed leadership development programme will help the participants prepare for educational leadership roles. It will also help them excel in their own research and teaching pursuits, and in enabling them to inculcate leadership skills amongst their students, bringing tangible and wide-ranging benefits to the nation.

The need for trained and experienced institutional leaders is also outlined in the National Education Policy (NEP) 2020.

The objectives of the programme are:

- To build an ecosystem to inculcate leadership skills in faculty members at levels early in their career to advance both individual and organizational goals.
- To be a broad-based leadership development programme (for all faculty across all levels).
- To expand the pool of potential leaders for the range of leadership positions.
- To prepare faculty to contribute effectively and proactively in collective decision-

making, shared governance, developing initiatives, problem solving.

- Enabling institute administration to assess leadership quality of their faculty through this programme.

The programme is envisioned to make "Everyone a Leader" in the important area of large scale education through technologies and collaborative efforts.

Methodology / Pedagogy

Live interactive sessions will be organized to foster leadership qualities and skills during the five-day residential programme proposed here.

The programme will be carried out using various pedagogical approaches such as, AV presentations, workshops, and peer-learning.

Benefits

On successful completion of the programme, participants will be able to,

- enhance their leadership qualities such as team management, communication skills, critical thinking and more.
- organize similar development programmes for their faculty using the learnings from the programme.
- acquire leadership skills and become a part of a pool of trained institutional leaders.
- develop expertise to bring improvement in administration of higher education institutions.

Course content

The 5-day residential program will have four sessions of about 1.5 hours each, covering various attributes of leadership qualities.

- Team building: This module will focus on understanding and working with people.
- Communication and Professional Skills: This module will focus on the skills required for the growth and development of an insightful leader.
- Building Community for Knowledge Creation: This module will focus on Strategic thinking for collaborative content creation.
- Constructing Pyramids of Excellence: Helping identify excellence and nurturing it.
- Leadership for Driving Change: This module will focus on leadership qualities for managing large-scale projects.
