FOSSEE, IIT Bombay is arranging online workshops to enhance your profile and skills in this lockdown situation. Now anyone can learn education software at the comfort of their home through these workshops.

3 Day online Moodle Workshop

moodle

Moodle is a learning management system (LMS) which helps teachers and educators create an online platform for more adaptive and customized learning. Moodle has many built-in features ranging from the basics such as file upload, assignments, quizzes, notifications and advanced features such as forums, quiz, wikis, etc. that can be used by learners. It also has many easy-to-install plugins such as attendance, reminders, analytics etc. to supplement these features.

Registration starts on
14 November 2020

Workshop from
30 November 2020 till 4 December 2020

Who can attend?

Faculty members who are conducting courses online

Benefits of the Workshop:

On successful completion of the workshop, teachers will be able to

- Create and upload their own course material
- Interact with their students by different online methods
- Prepare multiple methods of assessing students through home assignments and online quizzes
- Conduct online live interactive sessions

Topics Covered:

- Uploading course content
- Student enrolment and roles
- Interactions with student
- Discussion forums
- Online assignments and evaluation using
  - PDF annotation and rubrics
  - Online examinations
- Minimal exam security and proctoring
